PACO V-embossed-click Laminate Floor
-----Real Experience of Health Life

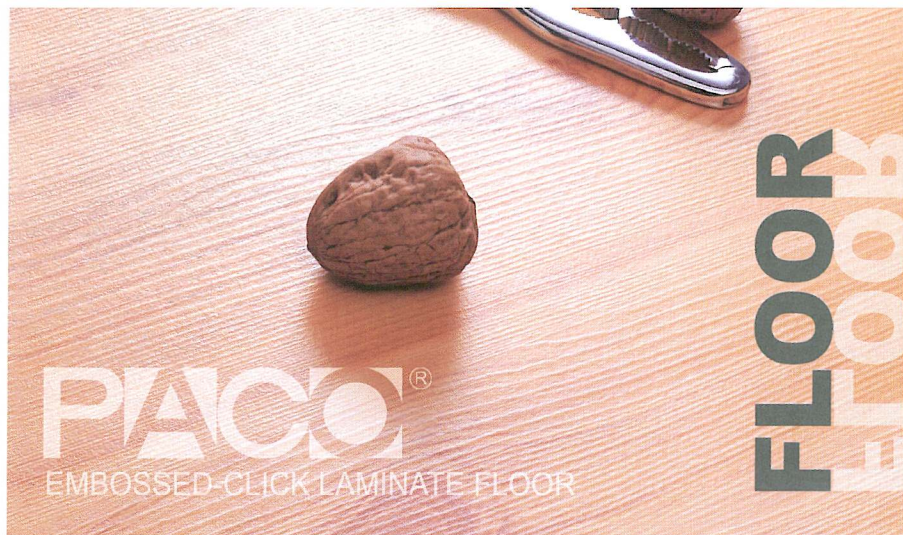

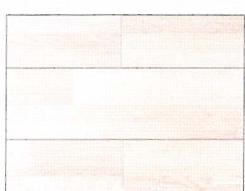

In 2000, PACO produced V-embossed-click laminate floor with the property right of independent knowledge. The product is famous for its advanced technology and flowing outline; the specific structure of V-bevel on this product is particularly suitable for decorating the multifunction halls, luxury villas, and bedrooms. Now, this product has been a new and practical patented article in China, with the patent number of ZL 02227083.3.
